

Dear Parents

30.09.2020

At the onset let me thank you for your support and understanding as we, the school and society, responded to the unexpected invasion of Covid-19 in the last 6 months. I am proud of the way our parents and teachers managed remote classes to educate our *Dipsites* while protecting everyone. During this pandemic, we explored, we created and we grew together for the benefit of our students.

We have gathered lots of inputs from parents and all the stake holders about the future planning with increased safety procedures. I thank you, dear parents, for filling up the Google forms and providing us with the required information. The survey reports suggested that 75% of parents wish to continue with online classes, the way they are being conducted presently. More than 95% of parents have expressed their satisfaction with the virtual platform and have unanimously appreciated the efforts of the school and the teachers. I appreciate your confidence in the system.

We have not deterred our annual plan even during unprecedented times, when the entire world is weathering COVID-19 situation. Paving our way into the uncharted educational territory, we have successfully completed Term 1 with competitions, activities, assemblies, webinars and academics. The school has initiated CBSE registration for classes 9 to 12. Moreover, we have accomplished the online examination at the end of Term 1 and the result would be declared on October 10, 2020.

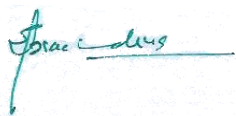

Term 2 begins from 1st October, which shall be followed by a small break from 2nd to 4th October and regular remote studies will resume from 5th October till Diwali break. In term 2, we shall promote hybrid and need based classes through online or offline modules. School is open for all administrative purposes.

I would reiterate and encourage you to frequently visit the school website, portal and follow authorized platforms for genuine and latest information.

I am delighted with the way students and teachers have taken up the curricular as well as co-curricular activities and turned the virtual media into the school campus. Your cooperation is truly what makes education an amazing and wonderful experience for all.

Looking forward to a providential Term 2 which begins from October 1, 2020 and wishing you and your family a healthy life.

Surender Pal Sachdeva

Principal
