

WORLD ENVIRONMENT DAY-2021

"Ecosystem Restoration"

Considering the theme for World Environment Day 2021 "Ecosystem Restoration", Delhi Public School –Bopal, Ahmedabad took an initiative, where Green teachers and Green warriors of classes VI to X participated enthusiastically in various activities devised especially for them.

Activities like 'Best out of waste' wherein the students utilized the best from unwanted things like bags from old T-shirts, bird feeders etc., not only kept them tuned in creatively, mentally, and physically but also created awareness amongst them to conserve the environment.

Students expressed their love towards the environment by making beautiful posters, writing slogans and poems related to nature. They nurtured the plants in their own garden and shared views on advanced practices like rainwater harvesting and terrace farming.

To reduce the generation of garbage, Green warriors exchanged their views on reduce, reuse, and recycle practices along with the importance of segregation of waste. They shared modern methods of garbage disposal like composting, landfill, incineration, etc.

The celebration does not end here! A Live webinar on Ecosystem Restoration is due in the evening followed by an online quiz. So stay tuned!!

The event was conducted successfully with wholehearted participation and awareness for a greener world.

Nature

Nature!
Is so wonderful,
Nature!
Is like a dream come true.

I love the nature,
So should you.
Its beauty is wonderful,
Don't you think so too.

Its flowers are like diamonds,
So many colors there are.
Its grass is so soft,
Its trees are full of fruits

Animals are so cute,
Birds are fantastic,
And they all give us food

Bees collect the honey,
Cows give us milk,
Birds even sing songs
For us to enjoy and have fun with it.

So, grow more trees,
And make this nature more beautiful
And love it, like I do.
